SCHOOL INFORMATION

Kindergarten Transition to School

What a fun afternoon our 5 new Kindergarten students had last week with Mrs Cosgrove. They were given a tour of the school and learnt how much fun big school will be next year when they begin. Check out their smiling faces below.

School Swimming and Water Safety Program

Today we have sent home the permission note for our Swimming Lessons Program. Lessons start in Week 8 with no cost to parents this year. Due to COVID-19 and the hardship to our community, this year the school will be funding this program. Thank you to the NSW Department of Education Sports Unit and the Geurie P&C for their support towards this vital program.

Presentation Day

What exciting news that we can hold our Presentation Day event with some of our community in attendance. Following strict COVID-19 guidelines each student may have 2 parents attend. The ceremony will occur on the back oval with seating arranged following the 4 square metre rule. Please read the email sent to you for more details and complete the RSVP which is required so allocated seating arrangements can be planned. A COVID-19 safety plan will be implemented which will require parents to sign in via our QR Code, or by completing a written form. We are all excited that you can share this special event with us!
